

ABHAY KISHOR

Architecture · Graphic Design & UI/UX · Frontend Development

About Me

Multidisciplinary designer and B.Arch student at IIT Roorkee blending architectural training with graphic design, UI/UX, and frontend development. Skilled at translating research and user needs into clean, functional visuals — from architectural documentation and campus branding to interactive mobile app interfaces. Comfortable moving between design-led and technically-driven work, with hands-on experience in 3D modelling/rendering, visual communication, and building interactive interfaces using modern frontend frameworks. Adaptable across startup, corporate, government, non-profit, and freelance environments.

Skills

- Architectural Skillset
- Graphic Design & Branding
- 3D Modelling and Rendering
- Microsoft Office
- Multi-tasking

Software Knowledge

- Figma 
- AutoCAD 
- Archicad 
- Blender 
- SketchUp 
- Microsoft Tools 

Hobbies/interests

- Candy Crush
- Architecture
- Designing
- Travelling
- Cooking
- Movies & webseries
- 3D modelling

Work Experience

Flavyo App — Ice Cream Ordering Android Application

Saharanpur, India | Summer 2026

- Researched and documented traditional jaggery-making processes and capturing cultural.
- Produced a detailed visual and written report, integrating design elements for clarity and engagement.

Architecture Intern – Chhattisgarh Fieldwork

Chhattisgarh, India | 2024

- Developed architectural plans, sections, elevations, and typologies for traditional mud houses.
- Created detailed 3D models, rendered visuals, and walkthroughs to support design communication.
- Authored and compiled documentation into a book format, combining drawings, narratives, and technical insights.

Project Researcher – IKS Internship

Saharanpur, India | Summer 2023

- Designed and developed the end-to-end UI/UX for an interactive ice cream ordering app using Jetpack Compose and modern frontend frameworks
- Implemented authentication workflows, state management, and responsive layout alignment for a smooth user experience
- Integrated backend APIs to connect app functionality with live data, bridging design and development.

Marketing and Advertising Intern – FactApp

Remote | 2022

- Collaborated with the marketing team to create engaging video content and promotional material.
- Executed on-ground outreach campaigns by engaging local communities to expand the startup's presence.

Design & Finance Coordinator – IIT Roorkee Clubs

IIT Roorkee | 2022 – Present

- Designed branding material, event posters, and promotional graphics for multiple campus clubs.
- Managed budgeting, resource allocation, and financial tracking for club events and activities.
- Streamlined design-finance workflows, improving efficiency and execution.

Education

Indian Institute of Technology (IIT) Roorkee — Roorkee, Uttarakhand

- Bachelor of Architecture (B.Arch.) | Expected 2027

Jawahar Navodaya Vidyalaya — Saharanpur, Uttar Pradesh

- Intermediate (Science Stream, PCM) | 2020
- High School (CBSE) | 2018
